

Memorial Day -- a day for reflection and gratitude toward those who made the ultimate sacrifice so that we may enjoy our barbecues and fun stuff on this Memorial Day. So let us NOT ignore the deep significance of this day. And let those of us who possibly can attend the Memorial Day service at the cemetery at 10am on Monday, 5/25. We owe that tiny inconvenience to those whose lives were cut short, who never had a family, or who never was able to see them again.

Just 12 days later, we remember D-Day, June 6, 1944, when the allied armies invaded Europe from the coast of France, under severe fire from the enemy, resulting in so many deaths. LET US NOT FORGET! THANK YOU, GOD, FOR THEIR SACRIFICE!

HOW DO I KNOW THAT THE CLIMATE CRISIS IS A SCAM? HERE ARE FIVE REASONS

- They preach sacrifice, but don't practice it.
- They fly across the world to tell us how to reduce our "carbon footprint."
- Wealthy alarmists still buy oceanfront property.
- They rarely criticize China and India.
- Their "solutions" always mean more government power and higher costs.
